

The Genuine. The Original.

Destiny® 1500 with screw drive
Featuring patented direct drive system

Destiny® 1500 with screw drive

Featuring patented direct drive system

The Genuine. The Original.

The ultimate in power, reliability and fast operation

For use with sectional doors up to 14 ft high and one-piece doors up to 8 ft high. Ask your Red Ribbon Distributor about rails for doors larger than 7 ft high.

Standard features

DC Power

Our most powerful 1 HPC* motor delivers 140V and has quiet operation.

Speed

Enjoy the convenience of a maximum opening speed of up to 12 inches per second[§].

Auto Seek Frequency Range

The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation even in areas with frequency interference.

DoorDetect™ Monitoring and Diagnostic Technology

Delivers the optimal amount of power needed to efficiently and smoothly open even the heaviest doors. Stops the door when abnormal operation is detected for additional safety.

Two-Bulb Lighting System with Motion Detection

Lighting system with two 100 Watt bulbs activates when motion is detected, delivering additional convenience and security.

Convenience options

Wireless Keypad

Lighted keypad features a flip up cover and lets you control up to three garage door openers. Flip up cover is available in four colors, ensuring you can find the one that best complements your home.

White 27227R Gray 27227S Tan 27227T Almond 27227U

Wall Console

The large push buttons make for easy operation and convenient control of the opener light. When away for extended times, the Sure-Lock™ feature disables the remote's access to the garage for security. Easy wall-mount installation.

CodeDodger® 2 Access Security System

The latest in CodeDodger® technology that selects a code from billions of combinations each time a remote or wireless keypad are used. Prevents piracy of the radio signal for the utmost in security.

Safe-T-Beam® System

The infrared beam system features an enhanced design for durability. As objects pass through the infrared beam, the garage door will stop closing and then reverse as a safety precaution. Self-diagnostic indicators report misalignment or damage.

Direct Drive

Patented direct drive screw system provides a powerful and reliable performance.

Maintenance Free

Direct drive system means no gears, chains or belts to wear out. Also, no additional lubrication needed.

Automotive Convenience Features

Compatible with HomeLink® and Car2U® systems.

§ +/- 0.5 inches per second. Speed will slow with one-piece doors.

3-Button Remotes

These remotes operate up to 3 doors.
